***Claim Rejections - 35 USC § 112***

Claims 10-15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claims 10 and 13, the alternate structures "sliding block or carriage" and "body or casing" are indefinite as they define different structures. In claim 11, "connected to or placed" is ambiguous. The limitation "protrusions are made in the sprocket supporting body" is ambiguous since it sounds as if a method of forming protrusions is being claimed. The limitation "tapered a passage", claim 11, is ambiguous.

***Claim Rejections - 35 USC § 102***

Claim 10 is rejected under 35 U.S.C. 102(b) as being clearly anticipated by White et al.

See guide profile 22,98,100, carriage 28, casing 20, motor 46, sprocket 138, chain 101, internal guide 135,145, or even element 36 since "internal" does not suggest any specific position, and external guide 132. Active chain portion is located in guide 98 and passive chain portion is located in guide 100, which is parallel to guide 98 in several areas.

***Claim Rejections - 35 USC § 103***

Claims 11-15 are rejected under 35 U.S.C. 103(a) as being unpatentable over White et al in view of Schroeder.

Schroeder discloses a chain with rollers 23 which are guide by tapered guides 30i and 24. In view of this teaching, it would have been obvious to modify White et al to

have such tapered guides that engage the rollers so as to control movement of the chain.

### ***Response to Arguments***

Applicant's arguments have been considered but are moot in view of the new ground(s) of rejection.

### ***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

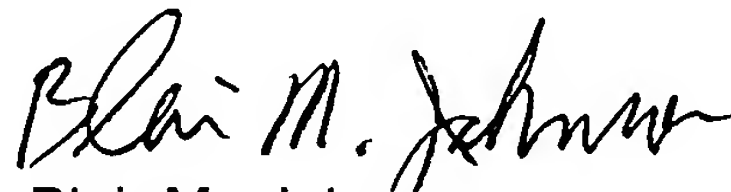

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
